PRIME SAN benefits for Practice Transformation Network (PTN) enrollees

ABFM Maintenance of Certification (MC-FP) Part IV-Performance in Practice credit

1. Request a PRIME SAN invitation via email to: registration@primesan.org
2. Receive invitation email and follow steps to join the PRIME SAN Community on the Healthcare Communities web-based portal
3. Log into the PRIME SAN Community page and complete your MC-FP credit pre-registration form with your ABFM ID, NPI, ABMS Specialty (Family Medicine), and PTN
4. Complete PTN participation questions in your ABFM Physician Portfolio in Spring 2016

PRIME Registry, our Qualified Clinical Data Registry (QCDR) is free for 3 years to the first 6,000 ABFM board-certified Family Physicians who are enrolled in a PTN (reduced rate for all primary care colleagues of $33/month/provider—decreasing as more participants sign up).

1. Follow #1-4 above and you have secured your spot in the free PRIME Registry queue
2. Enroll in the PRIME Registry: https://registry.theabfm.org/signup/registry.aspx

Practice Improvement Manuals and Coaching Guides based on the Plan, Do, Study, Act (PDSA) Cycle model, designed by education specialists to guide practices or healthcare systems step-by-step through a quality improvement project.

1. Available through your PTN team

PRIME SAN Community on the Healthcare Communities portal is a web-based space to promote and share resources. All practice or health system members are welcome to join.

1. Request a PRIME SAN invitation via email to: registration@primesan.org
2. Receive invitation email and follow steps to join the PRIME SAN Community on the Healthcare Communities web-based portal

Added benefits for AAFP Members

1. Collaborative CME learning sessions at the annual Family Medicine Experience (FMX) conference highlighting the Transforming Clinical Practice Initiative (TCPI) learnings and best practices.
2. Member Interest Group (MIG) for AAFP members to connect directly for peer support, learning, and collaborative problem solving to encourage continued engagement.

How do I find a Practice Transformation Network (PTN) and enroll?

1. Find PTNs in your state at:
   http://www.healthcarecommunities.org/CommunityNews/TCPI/PTNMap.aspx
2. Email for additional assistance: support@primesan.org

Please note, your organization is not eligible to enroll in a PTN if you currently participate in any of the following: Medicare Shared Savings Program (MSSP), Pioneer Accountable Care Organizations (ACOs), the CMS Comprehensive Primary Care Initiative (CPCI), or the CMS Multi-Payer Advanced Primary Care Practice (MAPCP) ACOs. You may, however, join a PTN if you are part of a Medicaid or private payer ACO program.

Additional information on the PRIME Registry

The PRIME Registry, our CMS Qualified Clinical Data Registry (QCDR), currently supports more than 85 EHRs and 42 electronic Clinical Quality Measures (eCQMs). Implementation time and effort for practices and health systems is greatly reduced by using FIGmd's trusted registry tool technology and exceptional customer service. With the FIGmd Registry Connector interface, you have nothing extra to buy from your EHR vendor.

The PRIME Registry automatically retrieves both structured and unstructured data (e.g. physician notes, other free text) from your EHR and turns it into actionable information for:

1. **Automated reporting of quality measures for PQRS** (and other new reporting requirements as Medicare Access & CHIP Reauthorization Act of 2015 (MACRA) is implemented)

2. **Automated reporting of quality measures for Maintenance of Certification-FP Part IV activities**, for ABFM board-certified Family Physicians

3. **Easy-to-use dashboard for viewing and tracking quality measures across clinician, practice or health system, patients, and populations**—to identify quality and care gaps to target for quality improvement projects, education modules, etc.
